Reliability Grading Scale

- * A: Saw full sequence, no bias, available, consistent
- * B: Saw partial sequence, minor issues, available
- * C: Limited view, some bias risk, may be available
- * D: Hearsay or very limited, significant issues
- * F: Hostile, unavailable, or discredited

Notes

- * Cross-reference each witness against video timeline
- * Flag any witness whose police-reported statement differs from what they actually said
- * Prioritize locking down A and B witnesses with signed affidavits
